# CreateSmart Initiative Guide

## Chapter I INTRODUCTION

- 1.1 The Cultural and Creative Industries Development Agency (CCIDA) was restructured from Create Hong Kong, which was established by the Government in June 2009<sup>1</sup>, with the objectives to promote and speed up the development of cultural and creative industries in Hong Kong. CCIDA’s vision is to build Hong Kong into a regional creative capital and to foster a conducive environment in Hong Kong to facilitate cultural and creative industries development.
- 1.2 In June 2009, the Government established the HK\$300 million CreateSmart Initiative (CSI) to provide financial support to initiatives for the development of creative industries in Hong Kong, alongside the DesignSmart Initiative (DSI)<sup>2</sup> which supported design initiatives, and the Film Development Fund (FDF) and the Film Guarantee Fund (FGF)<sup>3</sup> which supported film initiatives, established prior to June 2009.
- 1.3 CSI is administered by CCIDA of the Culture, Sports and Tourism Bureau (CSTB) of the Government. Initiatives are processed by the CreateSmart Initiative Secretariat of CCIDA (“the Secretariat”).
- 1.4 The Government will decide in its absolute discretion whether to approve the applications and disburse funds after having considered the recommendations from the CreateSmart Initiative Vetting Committee (CSI Vetting Committee), and the Secretariat.
- 1.5 Applicants should note that applications may not be approved, and even if approved, the amount approved may be different

from the one proposed in the application. Moreover, completion reports may not be accepted, and even if accepted, the approved amount may not be disbursed in full. Should the applicants choose to incur/commit any expenditure for the projects under application before funding approval is confirmed, they will have to bear their own risk and pay for the incurred/committed expenditure themselves in case their funding applications are rejected or only partially approved subsequently.

## Chapter II      OBJECTIVES

- 2.1      This guide provides information on the application for the Government funds under the CSI.
- 2.2      This Guide shall not in any circumstances affect or limit the interpretation of the application form and unless the context otherwise requires, terms defined and expressions used in this Guide shall bear the meanings set out in the application form.
- 2.3      The CSI provides support to projects in the cultural and creative industries other than those for which dedicated Government funding schemes are already available. Such funding schemes include but are not limited to FDF (<http://www.fdc.gov.hk/en/services/services2.htm>), Innovation and Technology Fund (<https://www.itf.gov.hk/1-eng/about.asp>), and Grants of Hong Kong Arts Development Council (<https://www.hkadc.org.hk/en/grants-and-scholarship/grants>).
- 2.4      The CSI will fund projects with objectives that are in line with our strategic foci to drive the development of the cultural and creative industries, namely –
- (a)      Nurturing talents and facilitating start-ups;
  - (b)      Exploring markets;
  - (c)      Promoting cross-sectoral and cross-genre collaborations; and
  - (d)      Promoting Hong Kong as Asia’s creative capital and fostering a creative atmosphere in the community.

## **Chapter III      FUNDING SUPPORT**

### **3.1      Form of Funding Support**

- 3.1.1      Funding support is given by way of a grant. It will cover only the net approved project cost after deducting the expected income during the project period, the amount of sponsorship and/or funding from other sources for the project (if any).
  
- 3.1.2      The funding support will be disbursed by instalments, tying with appropriate milestones or any other conditions offered when the grant is approved.
  
- 3.1.3      Final instalment of the funding support will only be released upon the completion of the project and the Government is satisfied with the completion report (paragraphs 9.2.3 and 9.2.4) submitted by the project applicant.
  
- 3.1.4      For details about the disbursement of funding support, please refer to Chapter VII (Project Agreement and Disbursement of Funds) of this Guide.

## Chapter IV ELIGIBILITY

- 4.1 Unless the Secretariat recommends to the Government that an exception be granted, an application must satisfy all requirements set out in paragraph 4.2.
- 4.2 Eligible Applicant
- 4.2.1 An applicant should normally be a locally registered institution/organisation, which include the following: local academic institutes, industry support organisations, trade and industry associations, professional bodies, research institutes and companies <sup>4</sup>.
- 4.2.2 CCIDA and other Government bureaux/departments are also eligible to apply.
- 4.2.3 Projects which are covered under the scope of FDF and other dedicated Government funding schemes, and those which will receive or have received funding from other Government sources will NOT be considered.
- 4.2.4 Each application shall have only ONE applicant. However, the applicant is required to list out in the application all other parties (if any) that it will collaborate with in carrying out the proposed project and their respective roles or contribution.
- 4.2.5 The applicant should have a substantial connection to Hong Kong, i.e. it must have a significant proportion of its development, production, management or general activities located in Hong Kong.
- 4.2.6 If the application is approved, the applicant will become the recipient of the funding support and

---

<sup>4</sup> The applicant should be a body or company established or incorporated under the Hong Kong laws including the Companies Ordinance (Cap 622). Applicant may be required to produce valid evidence showing that it is a going concern.

has to sign an agreement with the Government. Please refer to Chapter IX (Obligations) of this Guide on the obligations of the project applicant.

#### 4.3 Sponsorship (where applicable)

- 4.3.1 To demonstrate industry support to the project, the applicant is required to list out in the application the sponsorship that it would be able to secure for the project.
- 4.3.2 Sponsorship in kind can be provided in the form of donation of equipment and consumable that is exclusively used for carrying out the project. Discount in purchases, time cost of equipment, manpower costs and consultancy services would be excluded from such sponsorship.
- 4.3.3 All committed sponsorship should be received with proper evidence before issue of the last instalment of the funding support by the Government.

#### 4.4 Double Subsidy

- 4.4.1 To avoid double subsidy, project elements which will receive or have received funding from other Government or known funding sources will not receive funding from the CSI. The applicant will not be eligible for funding from the CSI if other financial support (whether in the form of equity or loan financing, grant or sponsorship or any other form) has been granted for the same elements of the Project, unless the CSI Vetting Committee recommends to the Government that an exception be granted. The following example can be considered as reference:

*A project to be held at a venue under the auspices of the Leisure and Cultural Services Department (LCSD). LCSD has agreed to waive the cost of renting the venue.*

The above example is used only for illustration purpose. The Government has no obligation to grant funding from the CSI to a project similar to the above example. It will depend on the unique circumstances of each application, which will be approved/rejected on a case-to-case basis.

## Chapter V APPLICATION

### 5.1 Application Form

5.1.1 Applications are made through the computerised application system (<https://www.createsmart.gov.hk/cfais/>). Each application can only cover one project. Enquiries can be sent to [createsmart@ccidahk.gov.hk](mailto:createsmart@ccidahk.gov.hk).

5.1.2 The applicant must also submit all information and documents that are required to be provided by the application form and this Guide, including but not limited to:

#### (a) Project Coordinator

- (i) In each application, the project applicant should nominate a project coordinator;
- (ii) If the application is approved, the project coordinator is responsible for overseeing the project generally; monitoring its expenditure and ensuring the proper usage of project funds in accordance with the approved project budget, this Guide and other instructions set for the project; answering enquiries; and attending progress meetings on the project, if required.

#### (b) Project Budget

- (i) All monetary figures should be in Hong Kong currency;
- (ii) The project applicant is required to submit a proposed budget on the project, showing all expenditure, sponsorship, income and justifications

for the budget;

- (iii) When preparing the project budget, all expenditure items have to be grouped under the categories of manpower, equipment and other direct costs. Unspecified cost items such as miscellaneous, sundry and contingency etc. will not be accepted;
- (iv) Costs of new equipment and goods that have been received, used and paid for the project during the project period could only be charged to the project account. However, the project applicant is encouraged to share the use of equipment within its organisation or from other organisations with its costs (including maintenance cost) charged on a pro-rata basis. The project applicant is required to maintain a record on the usage of the equipment by the concerned projects for cost allocation purpose. For the sake of clarity, such maintenance/rental cost (if any) should be placed under “Equipment Costs”/“Other Direct Costs”;
- (v) A list of unallowable cost items which cannot be charged to the project account is set out in Chapter XI (Unallowable Costs) below;
- (vi) The project applicant should endeavor to generate income so as to recoup part of the cost of the project;
- (vii) For projects involving recurrent expenditure, the project applicant has to demonstrate that such expenses will be for a specified period or that the

project will become self-financing after its completion;

- (viii) The project applicant is required to declare in the application whether it has sought or is seeking funding support for the project from other public funding sources.

## 5.2 Timing for Application

- 5.2.1 The CSI is open for applications throughout the year, unless otherwise announced.
- 5.2.2 CCIDA may also from time to time issue theme-specific topics to solicit applications.

## 5.3 Application Procedures

- 5.3.1 The application form can be completed either in English or Chinese.
- 5.3.2 No application fee will be charged.
- 5.3.3 Applications are made through the computerised application system (<http://www.createsmart.gov.hk/cfais/>).
- 5.3.4 The applicant will be requested by the Secretariat to provide supplementary documents and information from time to time for processing the application. Failure to provide such information within a reasonable time frame will deem the application to be unsuccessful without further notice.
- 5.3.5 The application form and all information submitted by an applicant will be retained by the Secretariat for record and audit purposes and will not be returned to the applicant. The applicant should make copies of these documents for their own record.

#### 5.4 Re-submission

5.4.1 A declined application may be resubmitted only if it has been revised substantially or if it has been able to produce additional information to address the comments made by the CSI Vetting Committee in its earlier review. The project applicant should set out clearly the differences of the resubmitted application vis-à-vis the previous one.

5.4.2 Any revised application will be treated as a new application.

## **Chapter VI            VETTING AND ASSESSMENT PROCEDURES**

### **6.1            Vetting Procedures**

- 6.1.1            Upon receipt of an application, the Secretariat will conduct a preliminary screening and may seek clarification or supplementary information from the project applicant. The first set of questions, if any, will be issued within 20 clear working days upon receipt of an application. If further clarification and supplementary information are required, subsequent questions will be issued within 30 clear working days upon receipt of the previous reply. The length of the period of seeking information/clarification will be subject to the cooperation of the project applicant in returning the required information. Failure to provide such information within a reasonable time frame will deem the application to be unsuccessful without further notice.
- 6.1.2            Unless an exception is granted (paragraph 6.1.3), an application must satisfy all requirements set out in Chapter IV (Eligibility) in order to be eligible for consideration by the CSI Vetting Committee and the Government.
- 6.1.3            If an application does not meet all the requirements set out in Chapter IV (Eligibility), the Secretariat shall refer the application to the CSI Vetting Committee which may, in its absolute discretion, recommend to the Government that exception to the Eligibility Criteria (whether or not in whole or in part and whether subject to qualifications or otherwise) be granted for that application. An exception will be granted if the Government, having considered the recommendations of the CSI Vetting Committee and in its absolute discretion, considers that an exception will achieve the objectives of the CSI.

- 6.1.4 If the Secretariat is satisfied that an application meets all the requirements set out in Chapter IV (Eligibility) or if the Government has granted an exception for that application, the Secretariat will submit the application together with its comments to the CSI Vetting Committee for consideration.
- 6.1.5 The CSI Vetting Committee comprises professionals, representatives from the private sector, academics and other relevant members of the public. It assesses applications, makes recommendations to the Permanent Secretary for Culture, Sports and Tourism (referred below as “the Controlling Officer”), monitors and reviews the quality of approved projects.
- 6.1.6 The project applicant and its project team members may be required to attend assessment panel meetings to present their applications and answer questions.
- 6.1.7 Any individual application requesting funding support of more than \$10 million will be submitted to the Finance Committee of the Legislative Council for approval unless otherwise specified.
- 6.1.8 After receipt of recommendations from the CSI Vetting Committee, the Controlling Officer will consider, in his/her absolute discretion, whether or not to approve an application, taking into account the recommendations of the CSI Vetting Committee.

## 6.2 Assessment Criteria

- 6.2.1 Approval of applications depends on their individual merits.
- 6.2.2 The Government reserves the right to reject an application on grounds including:

- (a) applications that are incomplete or contain incorrect information or fail to comply with the requirements set out in this Guide;
- (b) a petition is presented or a proceeding is commenced or an order is made or a resolution is passed for the winding up or bankruptcy of the project applicant;
- (c) a false, inaccurate or incomplete statement or representation is contained in the application or a promise or a proposal is made knowingly or recklessly that it will not be able to fulfill or deliver such promise or proposal; or
- (d) the project applicant is in default of its obligation(s) under other project agreement with the Government.

6.2.3 If the Secretariat notices that a certain application involves breach of third party's intellectual property rights, the application will not be processed further and may be rejected unless the dispute or allegation has been satisfactorily resolved.

6.2.4 In considering an application, due consideration will be given to the following factors, wherever applicable:

- (a) the potential of the project in promoting and speeding up the development of cultural and creative industries in Hong Kong; in fostering a conducive environment in Hong Kong to facilitate cultural and creative industries development; and in building Hong Kong into a regional creative capital;
- (b) whether benefits accrued from the project can serve the interests of individual cultural and creative sectors or the entire cultural

- and creative industries as a whole, and not just an individual private company or a consortium of private companies;
- (c) whether the project objectives are in line with the strategic foci to drive the development of the cultural and creative industries as set out in paragraph 2.4 of this Guide;
  - (d) whether there is a demonstrated need for the project, or value can be added to the project with the CSI funding support;
  - (e) whether the project is duplicating or likely to duplicate the work carried out by other entities;
  - (f) the overall planning, organisational structure and duration of the project;
  - (g) the capability of the project team, i.e. the project team's technical capabilities, project management capabilities, expertise, experience, qualifications, track record, and the resources available for the project;
  - (h) whether the project is cost-effective and the proposed budget is reasonable and realistic, and whether the project has been funded or should be funded by other sources;
  - (i) likelihood of the project to fail to comply with laws of Hong Kong, for example the project applicant has engaged, is engaging, or is reasonably believed to have engaged or be engaging in acts or activities that are likely to cause or constitute the occurrence of offences endangering national security or otherwise, and not granting support to the application is necessary in the interest of national security, or is necessary to protect

the public interest of Hong Kong, public morals, public order or public safety; and

- (j) any other special factors which are relevant and contribute towards the objectives of the CSI.

### 6.3 Avoidance of Conflict of Interest

- 6.3.1 To avoid conflict of interest, members of the CSI Vetting Committee will be required to declare whether they are directly or indirectly related to an application and, if so, will be refrained from participating in the discussion of that application.

### 6.4 Notification of Results

- 6.4.1 After considering the recommendations of the CSI Vetting Committee, the Controlling Officer may either approve or reject the application. The applicants will be informed of the assessment result, as far as is practicable, within 50 clear working days after the Secretariat's receipt of full information of the application.
- 6.4.2 If an application is rejected, the applicant will be notified in writing and will be informed of the reason(s) for the decision. The applicant can, after revising the project details, re-submit the application. Please see paragraph 5.4 for details of re-submission.
- 6.4.3 If an application is approved and recommended for funding support, the project applicant concerned will be informed of the result together with any terms and conditions that may be imposed by the Government. The project applicant may need to revise its application accordingly before the funding support could be approved and issued <sup>5</sup>.

---

<sup>5</sup> For projects requesting funding support of more than \$10 million, approval from the Finance Committee of the Legislative Council is required unless otherwise specified.

## 6.5 Withdrawal of Application

- 6.5.1 The project applicant can write to the Secretariat to withdraw its application at any time before the project agreement is signed between the Government and the project applicant.

## **Chapter VII      PROJECT AGREEMENT AND DISBURSEMENT OF FUNDS**

### **7.1      Project Agreement**

7.1.1      If an application is approved, a Letter of Approval will be sent to the applicant. The Letter of Approval will set out the amount of funding support to be offered, and the terms and conditions as set out by the Government.

7.1.2      The successful applicant will be required to sign and return the acceptance of offer attached in the Letter of Approval to the Government within the period specified therein (“Offer Period”) if it accepts the proposed grant of Government funding on the terms and conditions set out in the Letter of Approval. The Government may at any time before the Government’s receipt of the acceptance of offer duly signed by the successful applicant withdraw the proposed grant of the Government funding. The Government shall be deemed to have withdrawn the offer to make the proposed funding support to a successful applicant if the Secretariat does not receive the duly signed acceptance of offer on or before the expiry of the Offer Period, as set out in the Letter of Approval, unless prior written approval has been obtained from the Secretariat for extending the Offer Period with justified reasons.

7.1.3      For each successful application, the project applicant will be the recipient of the approved funding support and has to sign a project agreement with the Government. The project applicant has to comply with all the terms and conditions laid down in the project agreement.

7.1.4 The project agreement shall contain the following:

- (a) the terms and conditions as set out in the Letter of Approval by the Government;
- (b) the terms and conditions as set out in this Guide; and
- (c) the approved project proposal.

## 7.2 Designated Bank Account

7.2.1 Unless otherwise approved by the Secretariat, the project applicant is required to keep a designated bank account<sup>6</sup> solely and exclusively for the purpose of the project. The applicant shall keep the project funds separate from other monies belonging to the applicant.

7.2.2 The applicant shall deposit the approved project funds into the above mentioned designated bank account only.

7.2.3 The project funds and all other receipts relating to the project will be paid into and all payments relating to the project to be paid out of the designated bank account.

7.2.4 All receipts and payments in respect of the project should be properly and timely recorded.

## 7.3 Disbursement of Approved Funding Support

7.3.1 The first instalment will only be effected after the project agreement has been duly signed and the project applicant has submitted all the required documents.

---

<sup>6</sup> An interest-bearing Hong Kong dollar account established and maintained with a licensed bank in Hong Kong under the Banking Ordinance (Cap. 155).

7.3.2 The approved funding support will be disbursed by instalments on satisfactory performance of appropriate milestones, and strictly in accordance with the terms and conditions as set out in the project agreement. Unless otherwise stated in the project agreement, disbursement of the approved funding support will normally be made by two instalments, one upon signing of project agreement and the other upon project completion.

7.3.3 Subject further to paragraph 10.2 below, disbursement of the last instalment of the CSI project funds will be made only upon the following –

- (a) successful implementation of the project and production of the project deliverables in accordance with the project proposal by the completion date specified in the project proposal or by such other date as the Secretariat may approve in writing;
- (b) the due compliance with the project agreement;
- (c) the submission of the completion report and the final audited account report in form and substance to the satisfaction of the Secretariat and complying with the reporting requirements set out in paragraphs 9.2.3 and 9.2.4, within four months after the project completion date specified in the project proposal or by such other date as the Secretariat may approve in writing; and
- (d) evidence showing that all committed sponsorship (if any) have been in place.

7.3.4 The Secretariat reserves the right to withhold any further payment to the project if in the opinion of the Secretariat a large amount of funds remain unspent in the project account or if there is any

delay in submission of the completion report or the completion report does not comply with the requirements.

7.3.5 Interest income derived from project funds will be kept by the project applicant for use in the projects concerned during the project period. Any unused balance upon the completion of the project will be returned to the Government.

## Chapter VIII PUBLICITY AND ACKNOWLEDGEMENT

8.1 The project applicant should be responsible to publicise the project and follow-up action with a view to maximising benefits to local cultural and creative industries. It should also provide the Secretariat with information about the events and the project achievements so that the Secretariat may put it on its website.

8.2 The project applicant shall acknowledge the funding support from CCIDA in publicity/media events as well as in publications (including but not limited to press releases, promotional literatures, websites, etc.) issued to promote the project. If CCIDA's logo, and the names of CCIDA and CSI are used/mentioned in these publications, the project applicant is required to seek CCIDA's approval of the publications prior to production. CCIDA reserves the right to require the project applicant to immediately cease and desist from using any promotional materials in which any references to the Government, CSTB and CCIDA is found. The following disclaimer should also be included in any publications and media events related to the funded project –

*“Disclaimer: The Government of the Hong Kong Special Administrative Region provides funding support to the project only, and does not otherwise take part in the project. Any opinions, findings, conclusions or recommendations expressed in these materials/events (or by members of the project team) are those of the project organisers only and do not reflect the views of the Government of the Hong Kong Special Administrative Region, the Culture, Sports and Tourism Bureau, the Cultural and Creative Industries Development Agency, the CreateSmart Initiative Secretariat or the CreateSmart Initiative Vetting Committee.”*

8.3 The project applicant shall provide the Secretariat with details of the project achievements, if any, including creation of intellectual property in which intellectual property rights subsist, successful marketing and commercialisation of the project deliverables and awards. The Secretariat may from

time to time disclose to the public details of such project achievements including announcing them on the web or through publications or by showcasing at exhibitions for publicity and reference. The Secretariat may also publicise details of the approved project and contact information of the project applicant on the web for public information.

## **Chapter IX            OBLIGATIONS**

### **9.1            Project Applicant's Obligations and Code of Conduct**

9.1.1        As government funds involve public monies, there is high public expectation on the project applicants to adhere to a high standard of integrity and spend the monies in an open, fair and accountable manner.

9.1.2        Directors and staff members of the applicant organisation should avoid any conflict of interest situation (i.e. situation where their private interest conflicts with the interest of the organisation) or the perception of such conflicts. They should not misuse their position or authority in the organisation to pursue their own private interests. Private interests include both financial and personal interests of directors/staff members and those of their connections including family and other relations, personal friends, the clubs and societies to which they belong, and any person to whom they owe a favour or are obligated in any way. When actual or potential conflict of interest arises, the director or staff member should make a declaration to the management through the applicant organisation's reporting channel. Failure to do so may give rise to criticism of favouritism, abuse of authority or even allegation of corruption.

9.1.3        Some common examples of conflict of interest are described below but they are by no means exhaustive –

(a)        A project staff involved in a procurement process is closely related to or has beneficial interest in a supplier being considered by the project team.

(b)        One of the candidates under consideration in a recruitment or promotion exercise is a family member, a relative or a close personal friend of

the project staff responsible for the exercise.

- (c) A project staff has financial interest in a company whose quotation or tender is under consideration by the project team.
- (d) A project staff accepts frequent or lavish entertainment from the applicant organisation's service recipients, suppliers or contractors.
- (e) A project staff (full-time or part-time) undertaking part-time work with a contractor whom he is responsible for monitoring.

9.1.4 The project applicant shall refer to the publication issued by the Independent Commission Against Corruption, namely "Strengthening Integrity and Accountability – Government Funding Schemes Grantee's Guidebook" (the "ICAC Guidebook" covering procurement of goods and services, recruitment and management of project staff, and the associated financial and accounting controls, etc.) ([https://cpas.icac.hk/EN/Info/Lib\\_List?cate\\_id=43&iid=142](https://cpas.icac.hk/EN/Info/Lib_List?cate_id=43&iid=142)) for formulating a practical set of internal guidelines suitable for project applicant's organisation structure, resource capability, risk exposures, and operational needs, in utilising the funds for the intended purposes.

9.1.5 The project applicant shall duly promulgate the requirements set out in the project agreement and its internal guidelines for compliance by its directors, staff and agents. In particular, it is important to regularly bring up the requirements on avoiding conflict of interest and declaring actual or potential conflict of interest for compliance throughout the course of carrying out the project (e.g. procurement, recruitment, etc.).

9.1.6 The project applicant shall put in place a system to check and ensure compliance by its directors, staff and agents. The project applicant shall report to the Secretariat if irregularities are identified.

## 9.2 Reporting Requirements

9.2.1 The project applicant will be required to submit a completion report and an audited account report, duly certified as accurate by an auditor approved by the Government, on the final financial position. The project applicant may also be required to submit progress report(s). The project agreement will specify the reporting requirements of the project concerned.

9.2.2 The progress report if required should be in a standard format provided and stipulated by the Secretariat. It should include details on progress of the project and its financial position as at end of the reporting period.

9.2.3 The completion report, proper sponsorship proof (if any) and the final audited account report, duly certified as accurate by an auditor approved by the Government, should be submitted to the Secretariat within four months from either the project completion date or earlier termination date of the project agreement. The first set of questions, if any, will be issued by the Secretariat within 20 clear working days upon receipt of a report. If further clarification and supplementary information are required, subsequent questions will be issued within 30 clear working days upon receipt of the previous reply. The length of the period of seeking information/clarification will be subject to the cooperation of the project applicant in returning the required information. The project applicant will be informed of the evaluation result, as far as is practicable, within 50 clear working days after the Secretariat's receipt of full information of the completion report.

- 9.2.4 The completion report should include details of the project deliverables, results, performance, achievements and evaluation of the project. The completion report should be submitted together with an audited account report (duly certified as accurate by an auditor <sup>7</sup> approved by the Government) on accrual basis on the final financial position of the project to assure that the project funds were fully and properly applied to the project for which they were paid, received and expended in accordance with the approved project budget. The audited account report shall be prepared in accordance with the latest version of the Notes for Auditors of Recipient Organisations issued by the Secretariat. Such financial statement shall contain an audited statement of the total expenditure and incomes of the project.
- 9.2.5 A standard format for the completion report will be provided and prescribed by the Secretariat.
- 9.2.6 The project applicant may be required to make presentation(s) of the outcome of their project to the CSI Vetting Committee, and to report the commercialisation status of the project deliverable(s) if applicable.
- 9.2.7 The actual expenditure for external audit fees relating to the project and arising from compliance with the provisions of the project agreement could be included in the budget, subject to the following requirements –
- (a) a project costing less than \$1 million: A maximum of \$5,000 to be included in the budget;

---

<sup>7</sup> An auditor means a certified public accountant who for the time being is registered as such under the Professional Accountants Ordinance (Cap. 50) and holds a practising certificate within the meaning of that Ordinance.

(b) a project costing between \$1 million and \$5 million: A maximum of \$10,000 to be included in the budget; and

(c) a project costing more than \$5 million: A maximum of \$20,000 to be included in the budget.

9.2.8 The project applicant should keep all financial statements, books and records of the project for at least seven years after either the project completion date or earlier termination date of the project agreement, or as otherwise specified by the Secretariat within that seven-year period, and allow for inspection at any time.

9.2.9 The Director of Audit may conduct an examination into the economy, efficiency and effectiveness with which the project applicant has used the project funds. The Director of Audit shall have a right of access at all reasonable times to all such documents or information in the custody and control of the project applicant as he may reasonably require for conducting an examination and shall be entitled to require, from any person holding or being accountable for any such document or information, such information and explanation as he considers reasonably necessary for that purpose. The Director of Audit may report to the Controlling Officer and the President of the Legislative Council the results of an examination conducted by him.

9.2.10 The project applicant may be required to complete and return a post-project evaluation questionnaire for its project to report on the efforts in publicising the project and the comments of the project by the beneficiaries, and to provide quantitative measurement on the benefits to the cultural and creative sectors concerned or the cultural and creative industries as a whole, and adoption of the project achievements by the industry.

## 9.3 Procurement Procedures

9.3.1 The project applicant should require the staff involved in the procurement process to observe the requirements on declaration of conflict of interest. The project applicant should avoid any conflict of interest situation in the procurement process, such as procuring goods/services from suppliers/service providers who are associates or associated persons of the project applicant (or any of its directors and employees).

9.3.2 The project applicant should ensure that all procurements for goods and services should be carried out in an unbiased and fair manner and must comply with the following procedures unless the Secretariat agrees otherwise:

- (a) for every procurement the aggregate value of which is more than \$5,000 but less than \$10,000, quotations in written form from at least two suppliers or service providers should be obtained;
- (b) for every procurement the aggregate value of which is \$10,000 or more, but less than \$500,000, quotations in written form from at least three suppliers or service providers should be obtained; and
- (c) for every procurement the aggregate value of which is \$500,000 or more, quotations in written form from at least five suppliers or service providers should be obtained.

In all the three scenarios above, if the specified number of quotations have been invited but less than the specified number of quotations is obtained, the result of the quotation exercise should be personally endorsed by the Project Coordinator. In any case, the supplier or service provider (as the case may be) that has submitted the lowest bid

should be selected. If the lowest bid is not selected, full justifications must be given and properly documented.

- 9.3.3 In case the project applicant intends to procure goods or services from one supplier or service provider, it shall seek prior approval from the Secretariat. 9.4.2 The project applicant is required to abide by the principle of openness and competitiveness in hiring staff for the approved project and comply with the following requirements as listed in the ICAC Guidebook ([https://cpas.icac.hk/EN/Info/Lib\\_List?cate\\_id=43&id=142](https://cpas.icac.hk/EN/Info/Lib_List?cate_id=43&id=142)) for hiring of project staff:

Upon the completion or termination of the project under paragraph 10.2 below, the Controlling Officer may require the project applicant to dispose of the equipment at market price or make other arrangements for disposal in accordance with the procedure agreed by the Controlling Officer. The project applicant shall comply with such requirement. The sales proceeds from such disposal shall be apportioned between the project

applicant and the Government in proportion to their contributions to the total project cost.

## 9.6 Return of Residual Funds

9.6.1 The project applicant should return to the Government all residual CSI funds remaining in the project account mentioned in paragraph 7.2.1 above upon completion of the project or earlier termination of the project agreement within two months after such completion or earlier termination. ## 9.7 Intellectual Property Rights<sup>8</sup>

## **Chapter X            PROJECT VARIATION**

### **10.1        Modification and amendment**

- 10.1.1        An approved project is required to be carried out strictly in accordance with its proposal appended to the project agreement. Any modification, amendment or addition to the project or the agreement, including change of the project duration, project coordinator, scope, methodology, project deliverables, budget (other than circumstances set out in paragraph 10.1.3 of this Guide), sponsorship, income or cash flow projection, will require prior written approval by the Secretariat.
- 10.1.2        For any modification or amendment in any aspect to the project, the project coordinator should seek the approval from the Secretariat well in advance by submitting an official amendment request in writing.
- 10.1.3        For budget control purpose, the actual expenditure for any individual item may exceed at most 15% of the approved budgeted expenditure for that item if this does not result in any increase in the overall total approved project cost and in the total amount of CSI project funds approved and that all expenditure follows the relevant requirements set out in this Guide.
- 10.1.4        For budget reallocation of any expenditure item in excess of 15%, the project applicant is required to seek prior written approval from the Secretariat with full justifications. If no prior written approval has been obtained, the project applicant is required to bear the amount exceeding the variation allowance of 15%. Project applicant is reminded that, if the actual expenditure of the item being allocated extra funds exceeds its revised budget, any further variation allowance for that item may not be approved and the project applicant may be

required to bear the excess amount. Prior written approval from the Secretariat is required should there be further budget reallocation before project completion.

10.1.5 Justification is required to be disclosed for any significant variance in spending, income and/or sponsorship (if applicable) in the relevant progress report, if applicable, and/or completion report. Notwithstanding this, prior written approval is required to be sought from the Secretariat if budgeted expenditure is to be transferred to any unbudgeted expenditure item (e.g. new/alternative equipment item, new project staff, revised number/rank of the project staff, new/alternative consumable item). The final decision on whether certain items of income and/or expenditure should/can be included/charged to a project vests with the Secretariat.

10.1.6 Failure to comply with the project proposal and the project agreement will entitle the Government to abstain from releasing the project funds to the project applicant.

## 10.2 Suspension or Termination of Funding Support

10.2.1 The Controlling Officer reserves the right to cease to provide any further funding support if any event(s) of fault has occurred and the project applicant fails to remedy the event(s) of fault (paragraph 10.2.3 of the Guide) within a specified time limit.

10.2.2 The Secretariat reserves the right to terminate or suspend the funding support to a project and the project agreement by serving one month's notice to this effect at any time and demand immediate return of all or part of the disbursed project funds with interest to accrue in accordance with paragraph 10.3.2 and hold the project applicant

liable for any loss or damages the Government may sustain if the project applicant is in breach of any of the terms and conditions of funding and undertakings made for the approved project.

10.2.3 The Controlling Officer reserves the right to suspend or terminate the funding support to a project and the project agreement for reasons including, but not limited to:

- (a) non-compliance with all or any of the terms and conditions as set out in the project agreement; or
- (b) lack of progress of the project in a material way; or
- (c) slim chance of completion of the project in accordance with the project proposal; or
- (d) the original objectives of project are no longer relevant to the needs of the cultural and creative industries as a result of material change in the circumstances; or
- (e) objectives and relevance of the project have been overtaken by events; or
- (f) the project applicant or its contactor has engaged or is engaging in acts or activities that are likely to constitute or cause the occurrence of offences endangering national security or which would otherwise be contrary to the interest of national security; or
- (g) the continued engagement of the project applicant or its contractor or the continued performance of the project applicant or its contract is contrary to the interest of national security; or

- (h) the Controlling Officer sees need to suspend or terminate the project in public interest; or
- (i) the Controlling Officer reasonably believes that any of the events mentioned above is about to occur.

10.2.4 Upon such suspension or termination, the project agreement shall cease to have effect and no funds will be made available to the project applicant, but without prejudice to:

- (a) any rights and claims accrued to the Government prior to such suspension or termination including those arising from any non-compliance by the project applicant with the project agreement; and
- (b) any provisions of the project agreement which are required by the context or are otherwise expressed to continue in force and effect notwithstanding the completion of the project or the suspension or termination of the project agreement.

### 10.3 Management of the Funding Support

10.3.1 The Controlling Officer reserves the right to require the project applicant to return project funds, in whole or in part, together with interest to accrue in accordance with paragraph 10.3.2 if any of the following events occur:

- (a) non-compliance with all or any of the terms and conditions as set out in the project agreement; or
- (b) without prejudice to the generality of the foregoing, any project funds not having been expended in accordance with Chapter XI (Unallowable Costs); or

- (c) any warranty or representation made by the project applicant in its application or in the project agreement or in the completion report is incorrect, incomplete or false.

10.3.2 Interest shall accrue from the date of disbursement by the Government of the project funds up to the date of actual refund in full by the project applicant, at the average best lending rates quoted by the note-issuing banks in Hong Kong. Such interest shall accrue on a daily basis and in a year of 365 days.

10.3.3 Regardless of whether termination or suspension is to be imposed on the project applicant, apart from requiring the project applicant to return project funds (paragraph 10.3.1), the Controlling Officer reserves the right to impose measures in case of the project applicant's non-compliance with all or any of the terms and conditions set out in the project agreement. Depending on the gravity of the non-compliance concerned and unique circumstances of each case, the Controlling Officer may impose measures including, but not limited to the following:

- (a) issue of reminder to the project applicant;
- (b) issue of warning letter to the project applicant;
- (c) withholding of payment to the project applicant; and
- (d) debarment of the project applicant from future applications.

10.3.4 Any record of mishandling of public funds or lack of discipline in financial management or non-compliance with the terms and conditions of the project agreement or any other irregularity is a factor which the Secretariat or other Government

bureaux or departments will take into account in considering future applications from the same applicant or the same project team members.

11.3.3 Notwithstanding paragraph 11.3.1 above, certain educational institutions<sup>11</sup> are allowed to include administrative overheads as part of the project cost in the project budget. The administrative overheads to be included in the project budget can be at most 15% of the institution's manpower cost requested for the project. Disbursement however will be capped at 15% of the institution's manpower cost utilised for the project within the approved budget.
